OFFSHORE PATROL VESSEL

OPV2400 Coast Guard

OPV 2400 Coast Guard

The Galatamarine OPV 2400 is a proven design based on advanced technology derived from the commercial branches of the maritime industry. Currently, four of these vessels are built or under construction. The vessel is suited for extensive weapons suites. It also has capacity for two additional mission modules such as ASW (side scan sonar), MCM, UAV/USV, pollution control, hospital facilities, diving support, as well as energy and water-making facilities and more.
