Search and Rescue Vessel 1605 FRP

Search and Rescue Vessel 1605 FRP

The SAR 1605 FRP is fully equipped for SAR duties in harbours and coastal waters. The Semi Sea Axe hull shape guarantees the best seakeeping performance and excellent fuel efficiency at high speeds. A combination of superior seakeeping and the position of the wheelhouse results in the highest possible level of operability. Additionally, the spacious deck, without any steps, offers the perfect working platform for the crew when carrying out challenging SAR operations.

TECHNICAL DETAILS	
Length	15.7 m
Beam	4.8 m
Depth at sides	2 m
