PASSENGER CRAFT/ FERRIES

**Waterbus 2907 Full electric**

### Waterbus 2907 Full electric

The Galatamarin Waterbus 2907 E3, which is 100% electric, can be customised in many ways. Customers can specify passenger capacity, bicycle and cargo space, entertainment, top speeds, climate control options, different colours and liveries, advertising and more. The fully-engineered composite structure embodies years of operational experience and testing, resulting in a strong and lightweight hull and superstructure.
